

1. Applies to cohort commencing in:	N/A (published for 2022/23)
2. Degree Granting Body	None

- The aim of the qualification is to provide a modular route to a recognised level of attainment for practising veterinary surgeons, so that they may perform as competent independent practitioners, delivering a consistently high standard of practice to their clients.
- The framework also aims to provide a structure for continuing professional development and lifelong learning.

24. Overall Programme Level Learning Outcomes - the programme offers opportunities for students to achieve and demonstrate the following learning outcomes. Learning outcomes should be specified for all intermediate awards as well as for the terminal award.

On successful completion of the Certificate of Advanced Veterinary Practice, students will need to demonstrate:

- a thorough understanding of the knowledge base and a critical awareness of developments at the forefront of their area of professional practice;
- a comprehensive understanding of techniques applicable to their own area of practice;
- originality in the application of their knowledge and skills to the solution of problems in their area of practice.
