

PROGRAMME SPECIFICATION

1. Ap 0 0 9j EMC 6 662.04 247.56 13.92 e656 13.92 et

23. Aims of programme

- x To offer a high quality course, in which students are challenged by, and stimulated to challenge, accepted wisdom in all fields of veterinary science.
- x Learn how to design experimental programmes appropriate for evaluating disease; to prepare and evaluate data; and to develop written and oral skills of communication.

24. Overall Programme Level Learning Outcomes - the programme offers opportunities for students to achieve and demonstrate the following learning outcomes. Learning outcomes should be specified for all intermediate awards as well as for the terminal award.

x Have developed the ability to access appropriate information, make methodical observations on the normal and abnormal functioning of biological systems, discriminate between important and relatively unimportant information and observations, reflect on information and observations, and solve problems, and discuss uncertainty in relation to scientific "facts", and balance different schools of thought.	Research Project
--	------------------

- x Develop important employability skills including: Communication, Teamwork,

31. Programme structures and requirements, levels, modules, credits and awards

NB: Students planning more than a Stage ahead should be aware that the College will not deliver any module or part of a programme if circumstances have changed to threaten its quality or viability. Such offerings could change after a student has started the course. However, the College will always offer alternatives that will be of equal cost in both fees and add-on expenses to the student and of equal academic value.

Credit and Awards at Stage 3	Details
Optional module to be studied at this stage	60 or 90 credits
Award available for completion of the Stage	BSc (Hons) Bioveterinary Sciences

Stage 1 Compulsory Studies : Students must choose one of the following:

Year	Term	Delivery Institution	Module Code	Module Title	Level	Credit Value	Status for Award	Prerequisites
Throughout the year		RVC		Designated Bioveterinary Sciences Project	6	60	Cor0 0 9 624.24 3
